the Nautical Center

At the mouth of the river Odet, in Bigouden Country, the Sainte Marine's Nautical Center stands in the heart of the forest park of Kerobistin. A small cove offers a direct access to the sea, on a sheltered body of water, ideal for learning and practicing nautical activities from March to November.

Since the creation of the Nautical Center in 1968, several generations passed by. A team of 5 permanent employees and many graduate trainers welcome you throughout the year in this ideal setting.
